Energy and Climate Change

Marine Planning and Protected Areas

Sustainable Seafood

Salmon Farming

Marine Debris

For details, please see Rising Tides [spring](#) and [fall](#) editions.

Financial Narrative

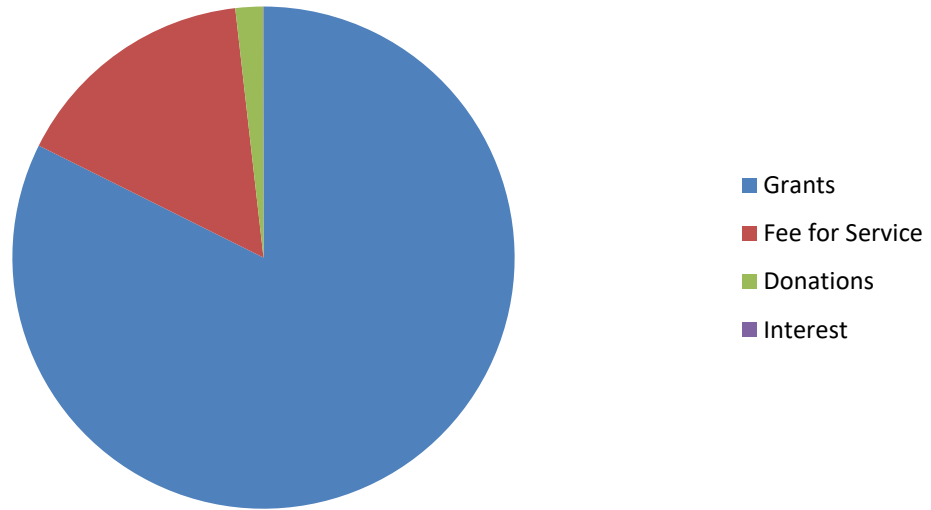

In 2016, the Board of Directors appointed Keon Kwan as its auditor and on his advice, decided to have the financial statements reviewed rather than audited. Mr. Kwan also recommended some changes to the reporting format used by the previous auditor, in order to provide greater transparency in financial reporting.

Specifically, income received under contract from Canadian Coastal Research Society is now reported separately from either 'grants' or 'donations', as 'fee for service' income. Professional fees (legal and accounting) are reported separately from 'office expense'.
